
MOHAMMED ALOUKAY

Jeddah, Saudi Arabia ♦ +966 53 391 2463 ♦ M.Aloukay@gmail.com

PROFESSIONAL SUMMARY

Global Electrical, Instrumentation, Automation, and Robotics Manager, Results-driven Facilities Leader, with over 17 years of international experience at Procter & Gamble. Proven expertise in electrical systems, instrumentation, PLC programming (Allen-Bradley, Mitsubishi), SCADA, automation, robotics integration, and process control across large-scale manufacturing environments. Skilled in installation, maintenance, troubleshooting, and optimization of industrial control and power systems. Demonstrated leadership and team management abilities with hands-on experience in project planning, preventive and corrective maintenance, and safety compliance. Experienced in digital transformation, system reliability enhancement, and cross-functional collaboration. Recognized for technical excellence, innovation, and consistent operational performance.

PROFESSIONAL EXPERIENCE

Power Control & Information System Leader, 01/2023 - current

Procter & Gamble (P&G) - Jeddah, Saudi Arabia

- Lead automation, robotics, and control system reliability initiatives across production lines locally and globally, improving overall system uptime by 7%.
- Manage multidisciplinary teams ensuring high equipment availability and system performance, achieving 20% reduction in unplanned downtime.
- Oversee PLC, control systems, and digital networks for power and process control, supporting 7% increase in production efficiency.
- Implement smart manufacturing and digital maintenance dashboards using Power BI and PDP platforms, resulting in 30% decrease in maintenance costs.
- Drive cybersecurity and operational technology (OT) protection initiatives, reducing operational risks by 100%.
- Optimize production efficiency, achieving measurable reductions in downtime (14%) and maintenance costs (30%).

E&I and Automation Coordinator, 01/2011 - 01/2023

Procter & Gamble (P&G)

- Supervised automation and robotics systems for high-speed production lines.
- Programmed and maintained Mitsubishi and Allen-Bradley PLCs; integrated robotic cells and motion controls.
- Supported automation projects, new machine startups, and digital transformation initiatives.
- Improved reliability through predictive maintenance, troubleshooting, and system optimization.
- Collaborated on global automation upgrades and continuous improvement projects.

Electrical Technician, 01/2009 - 01/2011

Procter & Gamble (P&G)

- Installed and maintained electrical and instrumentation systems for automated machinery.
- Conducted troubleshooting and implemented process improvements to minimize downtime.

Aeronautical Technician, 01/2008 - 12/2008

Matis Aerospace (Safran Group) - Morocco

Electrical Technician Intern, 01/2007 - 12/2007

OCP Group - Morocco

CORE COMPETENCIES

- Leadership & Cross-Functional Team Management
- Maintenance planning software developer
- Industrial Robotics & Automation
- PLC Programming (Siemens, Mitsubishi, Allen-Bradley)
- SCADA Systems & HMI Integration
- Predictive & Preventive Maintenance
- Digital Maintenance Transformation (Power BI, SAP, PDP)
- Root Cause & Loss Elimination (RCA, 5 Why, 6W2H)
- Global Projects & Multi-Site Technical Support
- IWS, Lean & Continuous Improvement Systems
- Safety, Quality, and Compliance Management
- PLC & Robotics: Siemens, Mitsubishi (GX Works2/3), Allen-Bradley (Studio 5000, FactoryTalk)
- Automation Systems: SCADA, HMI, Motion Control, Servo Systems
- Networking: Ethernet, ControlNet, DeviceNet
- Data & IT Tools: Power BI, Power Apps, SAP, Excel, Predictive Maintenance Platforms
- Cybersecurity: OT Protection and Control Network Integrity
- Remote Global Support Tools: VPN, Digital Twin Simulation, Remote Diagnostics

EDUCATION

Diploma in Industrial Electricity – Industrial Electrical Technician, 01/2006 - 01/2008
Higher Institute of Applied Technology Casablanca, Morocco

PERSONAL DETAILS

Nationality: Moroccan

AWARDS & CERTIFICATIONS

- Two P&G **CEO** Awards – 2017 & 2022
- P&G Great Leadership Award – 2023
- Mitsubishi PLC & Robotics Programming Excellence Certifications – Italy
- Allen-Bradley PLC & Automation Training Certifications – Egypt
- Time & Coaching Management – P&G
- GSUM & LE Workshop Certifications
- Fundamentals of Risk Management Certification
- **OSHA** Course in Occupational Safety and Health (U.S. Certification)
- Lean **Six Sigma** Certification – British Certification Requirements
- Governance, Risk Management and Compliance Professional (**GRCP**)
- Professional Accreditation Certificate – **Saudi Council of Engineers**
